## Help with Fundraising

with Paul Courtney,  
Kairos Fundraising Solutions

Paul Courtney of Kairos Fundraising Solutions has been retained by the District to help Churches, Circuits and the District find and secure funds for the range of projects we undertake.

The District has made provision for Paul to give some initial advice and Paul is also able to agree terms with particular projects to act as Fundraiser.

Paul has worked with a number of churches and Circuits over the last year. Those who have worked with him have found his work very helpful and effective.

Building on Paul's growing experience of the District and his substantial professional skill the District has asked Paul to deliver two half day seminars about fundraising.

- When do we need to do it?
- What can be achieved?
- How do we go about it?
- ...and any other questions you have

Paul will deliver two seminars. Each will be limited to 20 places.
